

## **Practice Cancellation Policy**

First and foremost, the rowers' safety is the most important and we will never knowingly put them in jeopardy. Secondly, it is rare that we will cancel practice because we will do some sort of workout. In the event that we do cancel practice the following procedures will apply:

### **During school hours:**

- An email or phone call will be made from the Head Coach to the Coaches' Liaison informing him/her of the cancellation. The Coaches' Liaison will notify a member of the Board to email the parents.
- A call will be made by the Coaches' Liaison to Xavier College Prep to make an announcement about the cancellation of practice.
- A text message will be sent from the Coaches' Liaison to the Team Captain and Co-Captain about the cancelled practice. They will be asked to pass along the message to the rest of the team via text message.

### **During non-school hours (spring break):**

- Exactly the same as during school except the call to Xavier College Prep will be omitted.

\*Twitter will also be used in this case to communicate with those who choose to join our Twitter account.
