

Xavier Prep Crew Practice Cancellation Policy

In regards to the weather events this past week our practice policy has come into question. When is practice cancelled? If cancelled, how will parents and athletes be notified? First and foremost, your daughters' safety is the most important and we will never knowingly put that in jeopardy. Secondly, it is rare that we will cancel practice because we will do some sort of workout. In the event that we do cancel practice the following procedures will be put in place.

During school hours:

- An email will be sent from the head coach to the board president informing him or her of the cancellation. This will be followed up with a phone call to the president.
- A call will be placed from the head coach to Xavier College Prep to make an announcement about the cancellation of practice.
- A text message will be sent from the board president to his or her daughter about the cancelled practice. She will be asked to pass along the message to the rest of the team. THIS WILL NOT HAPPEN UNTIL AFTER DISMISSAL FROM SCHOOL.

During non-school hours (spring break):

- Exactly the same as during school except the call to Xavier College Prep will be omitted.

I again want to stress that we will NEVER put your daughters into a situation where their safety is in question.
